SHANE SHANAHAN and **YOUSIF SHERONICK**

This unique program will include a world premiere arrangement of Glen's groundbreaking classic "***Doctrine of Signatures***". *Doctrine of Signatures* is the first composition for frame drum ensemble of its kind that uses the Glen Velez Handance Method of stepping, vocalizing and drumming. While influenced by African, South Indian and Arabic drumming traditions, it is in essence a modern invocation of the tradition of frame drum ensemble playing from the ancient Mediterranean world. The title, *Doctrine of Signatures*, is an idea from the medieval era. It proposes that nature reveals its healing powers through visual and physical signs.
